

IN NORTH TOPEKA

Many Improvements Being Made by Residence Owners.

Good Shepherd Church Services to Be Resumed Sunday.

Taking advantage of a slight lull in the real estate business of North Topeka, considerable improvements on North side property are being made by property owners. Most of the improvement consists of repainting houses and repairing roofs. Senator Curtis, who is an extensive owner of North side property, is having seven of his North Topeka houses repainted and many more altered and repaired. Property has taken a slight slump recently. Real estate dealers believe, however, that it is a temporary ill wind and is due to blow over soon.

Roads Need Repairing.
Persons traveling over macadamized roads leading into North Topeka are loudly complaining about the condition the highways have been allowed to get into. Practically all the roads are full of holes and have become very deteriorated. Roads in especially poor condition are the North Kansas avenue, Central avenue and Lower Silver Lake.

To be put into first class shape again the roads ought to be dragged from the side and the holes in the center re-filled with the macadam that has slipped down, it is said.

Church Services Resumed.
Services at the Church of the Good Shepherd will be resumed next Sunday and will be in charge of John C. Petrie, of Chicago. Mr. Petrie, who has not yet been ordained, will preach and have charge of all services excepting the communion, which will be in charge of the Rev. Mr. George M. Geisel.

Mr. Petrie will continue his theological course at the Kansas Theological seminary, where he expects to complete his course. He began his work in Chicago.

The installation was in charge of the officers and team from lodge No. 2. Following the installation regular business was transacted and refreshments served.

Tried Them All He States Without Being Benefited.

But Was Surprised at His Improvement in Health.

AFTER TAKING TANLAC

Says Stomach Trouble and Nervousness Is All Gone.

Feels Like a Different Man Highly Recommends Remedy.

Hurley Hill, a well known young man of Springfield, Mo., residing at 401 West Lynn street, recently had this to say about what Tanlac, the premier preparation, had done for him.

"I have been in a poor state of health for some time past. I was nervous and all run down and had indigestion. My stomach troubled me continually.

"I really never had known what was wrong with me, however. I slept poorly, and my sleep did me little good. I was dreadfully tired most of the time; never felt well a moment, but was always nervous and depressed. I seldom had a good appetite and when I did eat I felt bloated from gas and would taste the food for some hours afterward.

"I bought some Tanlac recently and have taken it regularly since. There is no other medicine that is quite so good as it. The first dose helped me and every day I have become stronger and better. I now seem to get greater nourishment from my food and no longer have indigestion and feel so tired and depressed. I think Tanlac is the greatest thing I have ever seen or used.

Tanlac, the combatant, tonic, appetizer and invigorant, was designed to overcome that very trouble, and to bring back vigor and health and the sparkle of health of the eyes.

The celebrated Tanlac can be obtained in Topeka at the Tully-McFarland drug store, Ninth and Kansas avenues, where W. C. Pope, the Tanlac man, is daily from nine to nine explaining the merits of the remedy.

Tanlac sells for \$1.00 a bottle, three for \$2.75 or six bottles for \$6.00.—Adv.
